Procedures for Preparation and Submission
of
Special Group Papers Originating in the DDR

Introduction

As a means of facilitating the preparation and dissemination of papers emanating from the Deputy Director (Research) for the Special Group and providing adequate records, the following serves as an instruction. The following instruction supersedes OSA 0076-62 of the same subject.

I. General

Normally the requirement for a Special Group paper originating in OSA will emerge from Wednesday's USIB meeting. Frequently, OSA will have additional forewarning of the requirement through knowledge of the deliberations of COMOR preceding the USIB meeting. The focal point in OSA with responsibility for insuring timely completion of staff work necessary for the Special Group papers will reside with the Deputy for Field Activities. All elements external to OSA will be expected to levy requirements or otherwise conduct liaison or coordination related to Special Group papers with the Assistant Director, OSA.

II. Sequence of Events (See attached chart)

A. Special Group papers which require the signature of the Director, National Reconnaissance Office will be transmitted to the DNRO not later than Monday morning, thereby permitting their return in time to be in the hands of the Special Group Officer, DDP, by COB Monday. Copies will not be released by NRO or CIA until the DCI or DDCI has approved. This will normally be accomplished at the 9:15 a.m. meeting on Tuesday. Normally Special Group papers must be ready for dissemination immediately following the DCI's Tuesday morning meeting.

B. Special Group papers will be prepared for the DNRO with signature recommended lines for the AD/OSA and the DDR.

C. Normally Special Group papers will be delivered to the DDR for approval by COB Friday.
